2013 Purchasing Cooperative

Did you know the 2013 Coop has a bid for Fuel?

Below are seven reasons to use Fuelman when out on the road:

1. Fuel is billed without federal road tax
2. Fuel is billed without state road tax
3. Fuel is sold for cost plus 9.5 cents
4. Accountability, know who is filling the vehicle by the PIN
5. Control, cards are assigned to the vehicle and only buy specified amount of fuel.
6. Fleet Manager has 24/7 access to account to make changes.
7. Region 20 has an awarded bid in place with Fuelman.

To get your account setup, contact Mike Fletcher at 713-882-0092
 or via email mfletcher@fleetcor.com

 San Antonio, TX 78208-1899
 Fax: (210) 370-5776**

Business Cooperative Services Newsletter

Region 20 Living Science Materials Center

Living Science materials provided to teachers in member school districts (school districts that subscribe to the Living Science Materials program) include over 100 living specimens! Small mammals (hamsters, rats, mice and gerbils), non-poisonous snakes, fish, live frogs, plants, flower and vegetable seeds, micro-organisms, preserved specimen, fertile eggs, prepared petri dishes and distilled water may be ordered by any teacher in participating districts at no cost to the teacher. We will be putting together an advisory committee of member districts to insure that we carry the items and are most needed at the district.

Region 20 Copy Services

This is a new service to Region 20 that started in the summer of 2005. It's designed for districts to submit copy jobs over the web to the Region 20 copy center for production. After the job is complete, it will be delivered back to the district with the weekly van deliveries. No mess, no problems. Due to the high volume that was produced this summer of employee handbooks, student handbooks and training material we have **special pricing charges are \$.021 for a black & white 8-1/2" x 11" and \$.24 for a full color 8-1/2" x 11" copy.**

Region 20 Transportation Services

The Region 20 Transportation Services provides instructional training and support services to its member districts. Services offered include Bus Driver certification and re-certification, other schedules transportation classes, Bus Driver drug and alcohol testing, Bus Driver physicals and student drug testing. The services are currently offered in Regions 1, 10, 13 and 20. Transportation Services is currently looking into expanding its instructional offerings to include CDL training, defensive driving and transportation department audit/reviews. We will keep you posted.
