

# When Can I Scream?

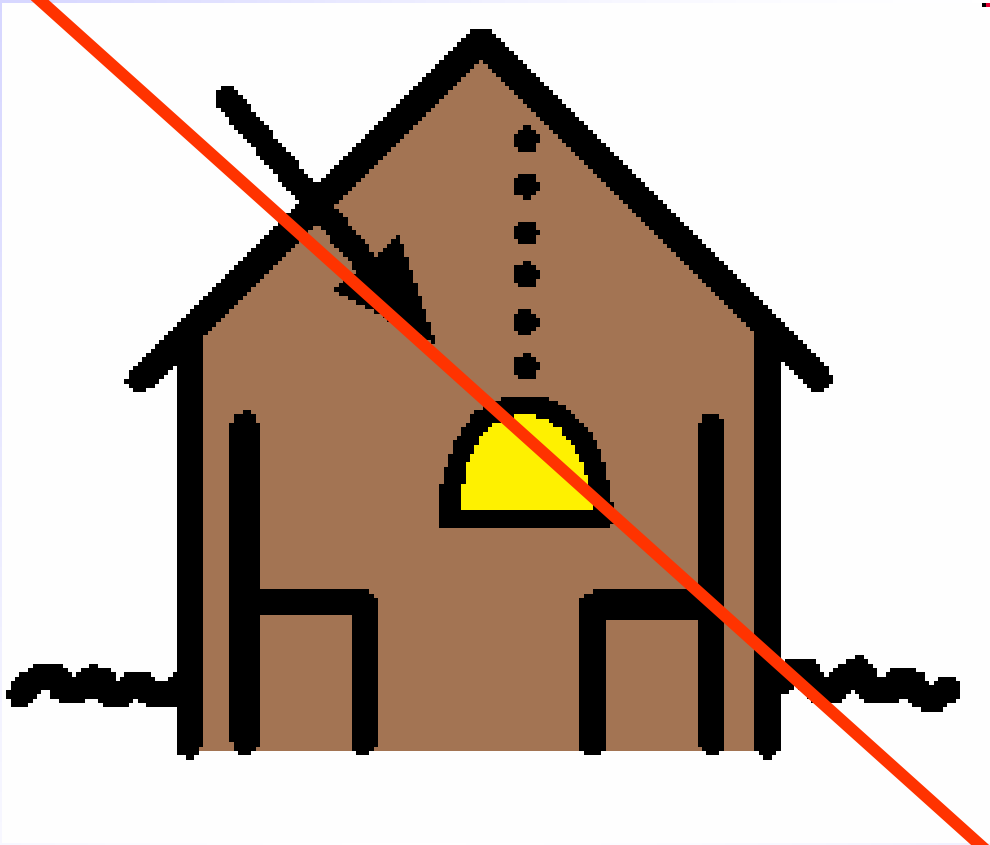

A Social Story  
For  
Katie

This is a picture of me.  
My name is Katie.

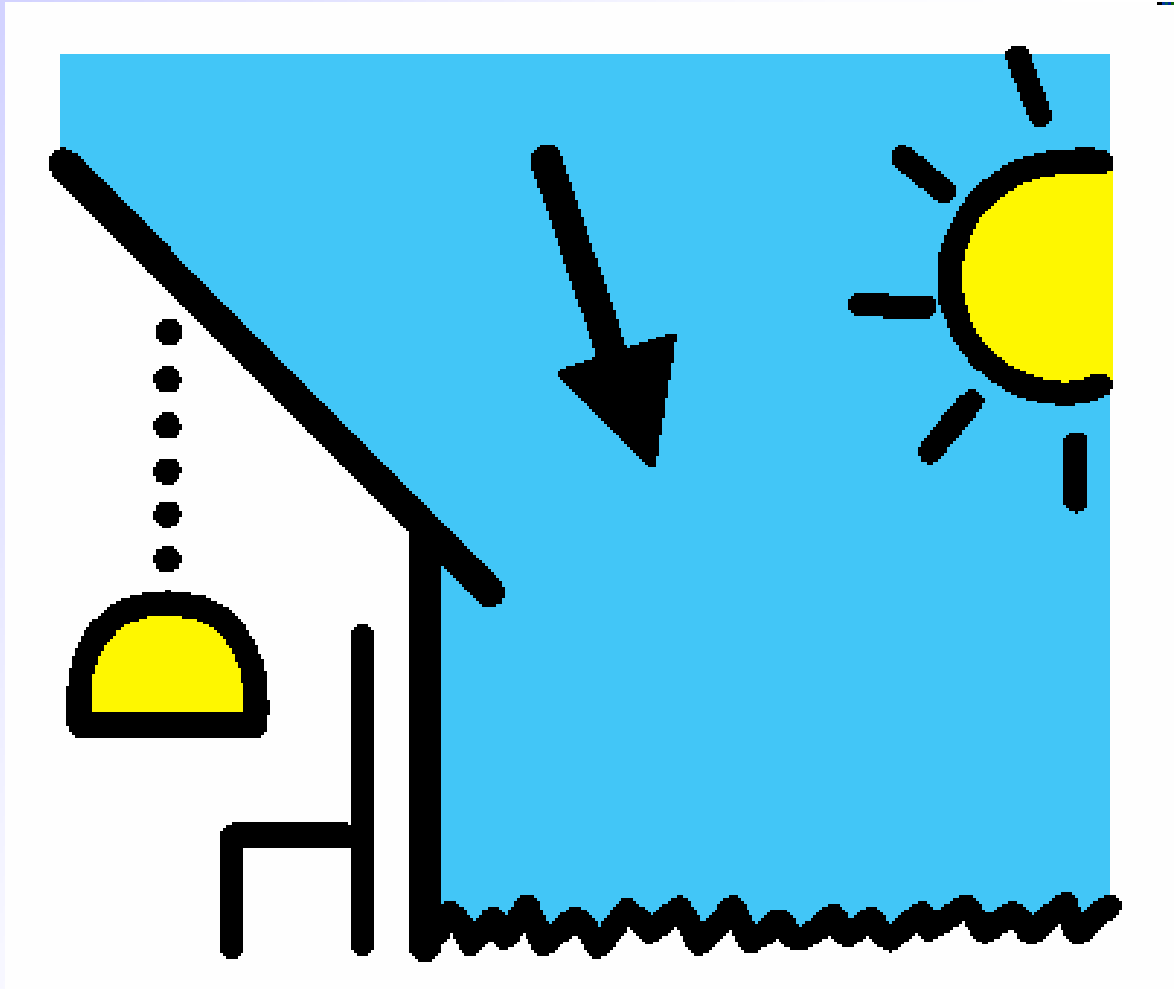

When someone uses a very loud voice, it is called screaming.

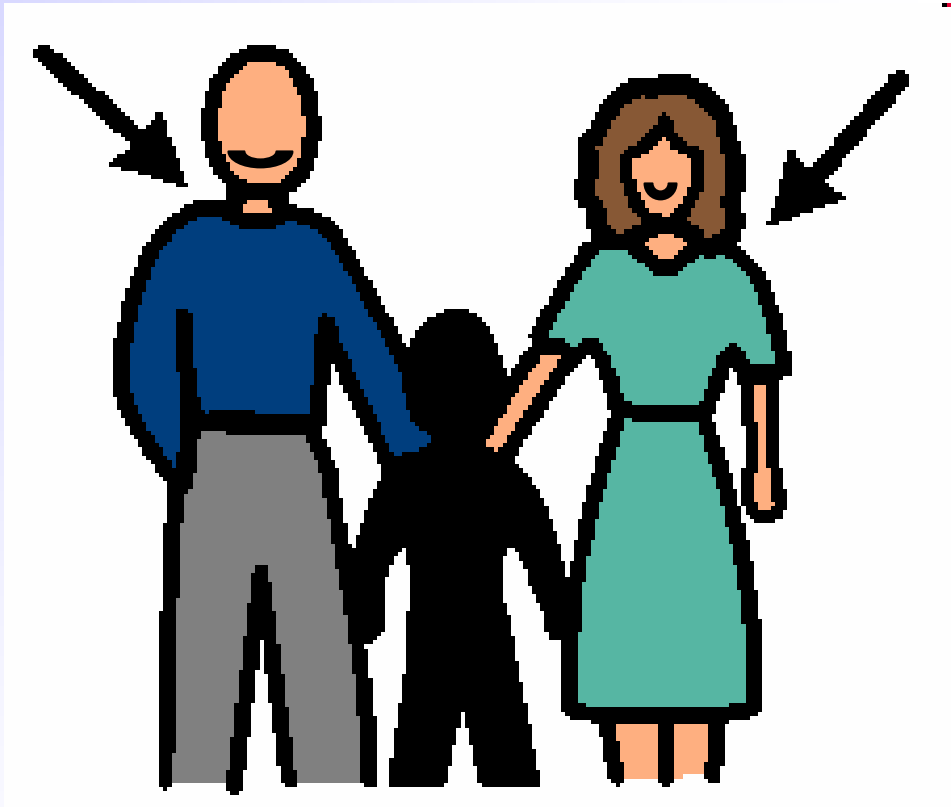

It is usually not a good idea to scream inside.

Screaming might hurt  
someone's ears.

I can usually scream  
outside.

Mom and Dad will like it if  
I only scream when I am  
outside.

I will try to scream only  
when I am outside.
