Teacher Orientation and Preparation Program
Field Based Experience Reflection 2010-2011

This form is intended to assist you in documenting your field-based experiences in an EC-12 educational setting. You are encouraged to reflect upon your observations and experiences, including substitute teaching, in light of your desire to become an educational professional. As you complete the form you are asked to consider how you can utilize the information gained through your experience(s) and apply it to your classroom as a teacher. Please be sure to provide a service record or other documentation to support your hours. You will also need to include the Field Based Experiences Summary Record 2010-2011. Please use additional pages as needed.

Name: _____ **Date:** _____

What do you feel to be the most valuable lesson learned throughout your field experiences?

Discuss at least three examples that demonstrate the use of classroom routines and procedures that you utilized or observed during your experiences. How did these routines and procedure affect the learning environment?

Discuss one challenge you faced during your experiences. How were you able to handle it at the time? What might you change to make the situation even more successful were you to face this again?

In light of your experiences, what is your primary goal in teaching?
