

# Family and Community Involvement

---

## S Y M P O S I U M

**Focus:** To provide parents, educators and administrators with information that promotes student success through parental involvement.

**Goal:** To promote parental participation and collaboration with educators and administrators.

Sessions will include topics such as:

- home/school relationships
- successful parental involvement development
- social issues our children encounter

Some sessions will be provided in both English and Spanish.

### **Date:**

February 1, 2012
